

Field Rental Policy for Mary of Nazareth Fields

Objective. Fields will be rented on a limited basis as a convenience to parents of children attending Mary of Nazareth. Fees will help subsidize the fertilization and maintenance of the fields.

Field rental to the CYO, outside organizations will be considered by the Sports Committee on a case-by-case basis.

School sponsored sports, such as fall soccer and spring T-Ball, do not require a field rental fee, but available field time is managed by the Sports Committee to avoid scheduling conflicts.

Fees. A minimum fee of \$320 will be charged per team.

Available Seasons. The fields will only be available for rental in the Spring from March through May, based upon availability. In case of conflicts the lower field will be offered for use. Season rentals can consist of 8 weeks or 10 week rentals.

Field Access. Rental provides a **single** team, consisting of not more than 18 players total access to the **entire** field. Rentals will be limited to 2 hours per day, on 2 separate days each week.

To limit foot traffic and damage to the field, multiple teams may not rent the field during the same times.

The objective is to support two practices per team each week. The desired rental times and days must be identified at the time of the rental agreement, so that access by others teams and T-ball may be coordinated.

Rescheduled practice times must be in coordination with the Sports Committee to avoid conflicts.

School Liability. A liability release must be completed for each child that uses the field. Liability forms are available from the Sports Committee.

Scrimmages with Other Teams. Teams that have rented the top field may host no more than one scrimmage per month as part of their normally scheduled practice time. A liability release form must be completed for every participant playing in the scrimmage.

Other Responsibilities. The Field Use Policy described in the Sports Handbook applies to all rentals.
