

## **Mary of Nazareth School COVID-19**

### **Book Fee, Registration Fee, and Tuition Refund Policy**

The Mary of Nazareth School registration fee is non-refundable. Book and Technology fees and Preschool Admissions fees will only be returned if the vacancy is filled through the school's waitlist or a new applicant. For families that chose to withdraw their child during the school year, any refund of paid tuition will be prorated based on the time your child attends school physically and/or virtually. The aforementioned policy is consistent with the school's current refund policy for tuition and fees.

With the unknown circumstances surrounding our return to school in September, we understand some families may be reluctant to sign up for FACTS now. In such cases we will be unable to guarantee a spot for your child/children. Our leadership team will be developing our distance learning plan based on tuition income and enrollment.

We will provide consistent updates for our return to school, distance and/or blended learning plans throughout June, July, and August. The leadership team and teachers are committed to designing and implementing an engaging and enriching academic program regardless of the environment we face this fall. The administration and school board of directors are confident Mary of Nazareth School will deliver a rigorous, flexible, and developmentally appropriate curriculum rooted in the faith and teachings of the Catholic Church starting Monday, August 31, 2020.
